How to Access Bloodborne Pathogen/TB Annual Training in Canvas

Access the Canvas site by at https://canvas.ecu.edu/.

Login to Canvas with your ECU login information. If you cannot access Canvas, please send an email to Nikki Page (pagen@ecu.edu) and request to be added to Canvas for the BBP/TB online training.
Look under “Published Courses” for “Bloodborne Pathogen/TB Annual Training BBP_TB” and click on the course.

If you do not see this course listed, you will need to contact Nikki Page (pagen@ecu.edu) and request to be added to the BBP/TB training course.
You should see the “Home” page as shown below. Click on the second option, “Training and Testing,” and review the PowerPoint and Exam you will need to complete. The videos are available as additional information.
Once you review the PowerPoint, take the exam. You need to score 70 or higher to pass. You can take the exam as many times as necessary until you reach a passing or higher grade. If you have any problems, please contact Nikki Page (pagen@ecu.edu) by email to request help.

NOTE: You do not need to contact me (Nikki Page) or send me your score as I am able to see your name, date of exam and your grade. I will enter your BBP/TB online training information in your records located in my office in Prospective Health.

If you need a copy your BBP/TB training for your supervisor or administrative assistant for recredentialing purposes, please send me, Nikki Page (pagen@ecu.edu), a request for a copy of your training documentation. Thanks!
